PRAM/KAYAK POLICY

The storage of small non-motorized boats such as prams and kayaks is permitted on Clark Beach in the vicinity of the boardwalk from mid-May to mid-October. The use of pram racks helps maintain these boats in an orderly and controlled manner, which is important to the protection of this natural resource. AGN takes and assumes no responsibility for prams and kayaks stored on Clark Beach.

Pram/kayak owners must be current members of AGN and register their pram or kayak with AGN. Each AGN member household will be issued a maximum of two pram/kayak stickers for the season. The first pram/kayak sticker costs \$50 and the second \$75. As part of the registration process, pram/kayak owners are required to complete an application describing their pram/kayak.

Once registration is complete, a pram/kayak sticker will be issued which is to be placed on the pram/kayak in a clearly visible location. Pram/kayak stickers will not be issued until all fees are paid. Any violation of these terms and conditions by the pram/kayak owner may result in the removal of the pram/kayak from Clark Beach. Because the pram racks are removed from the beach and stored for the winter in the parking area, all prams/kayaks must be removed from Clark Beach by November 1. Any pram/kayak left on the beach after November 1 will be removed at the owner's expense.
